The Honorable Arnold Schwarzenegger
Governor, State of California
State Capitol, First Floor
Sacramento, CA 95814

Request for Signature on AB 1483

Dear Governor Schwarzenegger:

The Personal Insurance Federation of California, representing insurers who write nearly 45% of the auto insurance sold in the state, including State Farm, Farmers, Safeco, 21st Century, Progressive and NAMIC, **respectfully requests your signature on AB 1483**, authored by Assembly Member Carter.

AB 1483 would require auto repair facilities to provide a signed affirmation to the customer, when the repair is completed, that crash parts specified on the estimate were installed on the vehicle.

In June of 2003, the California Bureau of Automotive Repair (BAR) completed a study of auto body collision repairs by inspecting vehicles from around California. The purpose was to identify auto body repair work that was not done as specified in the final invoice. Between July 1, 2001 and June 30, 2003, the BAR inspections showed that 42% of the vehicles inspected had parts or labor listed on the invoice that were not actually supplied or performed. We believe that AB 1483 would be an effective measure to reduce this type of fraudulent activity.

AB 1483 is a legitimate consumer disclosure measure that certifies to consumers, and our policyholders, that the parts they pay their premiums for were actually installed on their car when repaired by auto body shops. The bill is a step in helping to eliminate the consumer fraud found by the 2003 BAR Study. Simply put, AB1483 certifies to consumers and our policyholders that the parts they pay their premiums for were actually installed on their car when fixed by the auto repair facility.

For the above reasons, **PIFC supports AB 1483 and urges you to sign this bill**. If you have any additional questions regarding our position, please do not hesitate to contact Michael A. Gunning at (916) 442-6646.

Sincerely,

Rex D. Frazier, President

Michael A. Gunning, Vice President
