Re: SB 45 (Allen) Wildfire Prevention, Safe Drinking Water, Drought Preparation, and Flood Protection Bond Act of 2020

PIFC Position: Support

The Personal Insurance Federation of California (PIFC) is a statewide trade association that represents six of the nation's largest property and casualty insurance companies (State Farm, Liberty Mutual Insurance, Progressive, Mercury, Nationwide and Farmers as well as associate members NAMIC and Chubb) who collectively write a majority of personal lines auto and home insurance in California.

PIFC is pleased to support SB 45, the Wildfire Prevention, Safe Drinking Water, Drought Preparation, and Flood Protection Bond Act of 2020, which authorizes the sale of \$5.51 billion in general obligation bonds. Of this amount, \$2.2 billion would be dedicated to wildfire prevention and community resilience from climate impacts. This funding is a concrete investment in necessary measures to protect vulnerable communities and our natural resources from devastating wildfires.

As stated in the final report of the (SB 901) Commission on Catastrophic Wildfire Cost and Recovery: "*Insurance price and availability is based on underlying risk. California should act to reduce the underlying risk of wildfire to the extent feasible.*" Towards that end, PIFC has long supported legislation to encourage proactive pre-hazard mitigation and projects that reduce the risk of wildfire spreading into populated areas from wildlands.

The 2017 and 2018 wildfires were the largest and most destructive in California's history. The \$26 billion of wildfire related losses experienced in 2017-18 drove California homeowners' insurance loss ratios to the highest levels in the nation. Since then, the insurance industry has been working diligently to help customers rebuild their homes, replace their personal property, and restore their lives.

SB 45 will improve forest health and fire resiliency, and provide resources to local communities to reduce the impacts of wildfires on Californians by investing in proactive fire reduction projects. For this reason, PIFC supports SB 45. If you have any questions regarding PIFC's position, please contact Seren Taylor at (916) 442-6646.
