**To:** Members, California State Assembly

**From:** Rex D. Frazier, President  
Michael A. Gunning, Vice President  
Kimberley Dellinger Dunn, General Counsel  
Ermelinda Ruiz, Legislative Advocate

**Re:** SB 427 (Negrete McLeod): Automotive repair: crash parts, As Amended  
August 9, 2010  
**PIFC Position: Support**

---

The Personal Insurance Federation of California, representing insurers who write over 60% of the auto insurance sold in the state, including State Farm, Allstate, Farmers, Liberty Mutual Group, Progressive, and NAMIC, **supports SB 427 by Senator Negrete McLeod.**

SB 427, sponsored by the Center for Auto Safety, is a consumer friendly bill that requires an automotive repair dealer to actually repair and fully restore an airbag that has been damaged in an accident or risk being found guilty of a misdemeanor subject to a fine, imprisonment, or both.

In June of 2003, the Bureau of Automotive Repair (BAR) completed a study of auto body collision repairs by inspecting vehicles from around California. The purpose of this study was to identify auto body repair work that was not done as specified in the final invoice. This previous study by the BAR was a one-time effort initiated by legislation. In January of 2007, the BAR reopened the auto body inspection program. We believe that SB 427 could be an effective measure to support the BAR's current activities against auto body fraud.

SB 427 is a consumer disclosure measure that certifies to consumers and our policyholders that the parts paid for by their premiums were actually installed on their vehicles. For these reasons, **PIFC supports SB 427** and urges your **"yes"** vote. If you have any questions regarding PIFC's support, please contact Michael Gunning at (916) 442-6646.
